

Accessing NCShare for a Course

Your App State username and password are used to access NCShare. [Watch a video of the NCShare Account Claim Process](#).

If you have not yet accessed the NCShare cluster before, you must first register using this link:

https://ncshare-com-01.ncshare.org/registry/co_petitions/start/coef:1

Then you can use the **container management center** using this link:

<https://cmgr.ncshare.org/>

Be sure to type in **Appalachian State University** as the institution.

Once you are logged into the **Container Management hub**, select **Reserve a Container** and choose the service you would like to use for your classroom.

Additional instructions and variations on NCShare educational compute can be found here:

[Course Computing Resources - CaaS and GaaS User Guide](#).
